FILIBUSTERS GET OFF

Dauntless Sails With a Cargo of Arms and Ammunition.

THE EXPEDITION WELL PLANNED.

Gone Fully Twelve Hours Before the Authorities or Spanish Consul Knew Anything Was Going On Submarine Vessel Constructed For the Cuban Patriots. Other Cuban News.

TAMPA, Fla., June 16.—A vessel supposed to be the Dauntless came into Hillsborough bay Monday night and took on a cargo of arms and ammunition from a schooner lying at anchor off the mouth of Alafia river and then sailed away.

A report was sent out Monday that the Dauntless had sailed from Key West with an expedition. It was circulated by those interested to throw the officers off their guard and the Dauntless came in that night and got her cargo. The two boats were tied up until about 11 o'clock and in the moonlight could be plainly seen from the river front.

J. E. Cartapa and Charles Silve are the only ones known to be aboard and they came up from Key West,

The schooner came into the bay and anchored Saturday afternoon. Her name is not known. She was two-masted and is about 130 tons. Her hull was black, and she was evidently well loaded.

Quite a number of men went from West Tampa, striking across the country and proceeding to a point on the bay shore, took to boats near the place where the Colonel Calleros expedition embarked.

The expedition was well planned and was gone fully 12 hours before the authorities or Spanish consul knew that anything was going on, so completely were they thrown off their guard by the shrewd ruse.

The Dauntless had an engagement to go on the ways here, and had a government boat come upon her unexpectedly where she would have had a good excuse for being in Hillsborough bay.

The whole affair was worked very quietly. The mysterious schooner left about daylight yesterday morning. No one seems to know what boat this is. Some assert that it is the Adams, which received her load from the Biscayne and then ran up in this harbor to meet a steamer which would take the munitions to Cuba or out to sea to the Dauntless.

There is also a rumor to the effect that the schooner hails from the neighborhood of Carrabelle and received her load at a point where the railroad crosses the river. The presence of Captain Parlin, a prominent citizen of Carrabelle, in this city, for the past few days, adds strength to the rumor. Since his arrival he has been in conference with parties formerly very active in the filibustering business.

Safely Past Key West.

KEY WEST, Fla., June 16.—A tug resembling the Dauntless passed through the harbor yesterday morning about 6 o'clock and went through the northwest channel. Her smokestack was painted red. The tug Clyde went out Monday night with a load of coal in bags. The schooner Adams, that left Monday with a load of arms, has not been heard from yet. No government vessels are in port.

SUBMARINE DESTROYER.

A Vessel Purposely Constructed For the Cuban Patriots.

NEW YORK, June 16.—A dispatch to The Press from Lockport, N. Y., says: Last month a young Cuban came here and took measurements on the canal locks. He would not explain the nature of his visit. Yesterday he came through here on a strange craft, cigar shaped, 50 feet long and bound for New York, where, it is said, he will turn the boat over to the Cuban junta. The boat was built by the Globe shipbuilding works of Cleveland and is in charge of Frank Lambson, engineer, and William Boylen of the Cleveland company. Three Cubans are on board. They are Antonio Muzario, Regina Aguirre and Calixto Raveni.

The vessel is a submarine destroyer. The outer shell is of steel and the boat itself is operated by steam. It has no smokestack, as its generating apparatus makes no smoke. It can attain a speed of 28 miles an hour and has shown even a higher rate of speed in a recent official test on Lake Erie. The fires under the boilers are fed with bituminous crude oil. When beneath the surface of the water the steam is turned into a condenser or reservoir, which will hold it until the surface is reached, when the vapor is allowed to escape. Much of the steam is turned to water in the meantime and is properly secured.

The boat is running through the canal at a uniform rate of 10 miles an hour. Mr. Boylen said that the boat was to be used for dynamiting purposes and to protect the landing of filibustering expeditions upon the island of Cuba. This submarine diver is calculated to baffle all torpedo catchers and destroyers, and thus fasten death and destruction to Spanish gunboats and cruisers patrolling the high seas and approaches to Cuba.

OLD VETERANS HEARD FROM.

Cuban Resolutions Adopted by the Ohio G. A. R. Encampment.

CHILlicothe, June 16.—The committee on resolutions at the G. A. R. encampment yesterday afternoon present

ed the following resolutions which were adopted with the wildest enthusiasm:

"Resolved, That as members of the Grand Army of the Republic, who fought to maintain, unimpaired, free institutions and civil liberty, and as descendants of those who threw off the sovereignty of Great Britain in 1776, we are unalterably committed to the principle that no foreign power can have the right to govern an American people without the consent of the governed; we therefore sympathize with and most heartily approve of the efforts of patriotic Cubans to secure for themselves and their children the right of self-government, a right inherent in all American countries.

"Resolved, Further that we condemn Spain for making war upon women and children and non-combatants contrary to the rules of civilized warfare.

"Resolved, Further that in order to voice the sentiments of the people of the United States our government ought to recognize the independence of the republic of Cuba, and to permit Americans to aid the cause of liberty in Cuba as the French aided our ancestors in their revolution; that treaties, if any exist, which retard the progress of liberty and civilization, ought to be set aside, and, at least, that Cubans should have equal rights with the Spaniard in our ports and markets and our war vessel should not act as patrols, thereby aiding Spain against Cuba."

IT MAY LAND HIM IN PRISON.

Cuban Member of the Havana Bar to Defend the Competitor Prisoners.

NEW YORK, June 16.—A dispatch to The Journal from Havana says: Captain Laborde and other members of the captured Cuban filibuster Competitor expedition, whose retreat has been fixed for July 1, have selected Señor Mesa Dominguez, a well known Cuban member of the Havana bar, as counsel to appear in their defense.

Though the fact of his acceptance of their case may cause Weyler to order his departure to Chafarinas or Fernando Po, as happened in the cases of other counsel here daring to defend Americans before a Spanish court, Dominguez has taken up the defense of the Competitor men without promise or hope of remuneration.

Five Men Picked Up in the Gulf.

MOBILE, June 16.—The steamship Agnes, from Ceiba, brought here yesterday five men who were picked up in the gulf near Honduras. They are Paulino Beaujardin, Rafael Gutierrez, Marolino Serro, Cubans; Michael Walsh, Irishman, and Jenigno Chalo, negro. They claim that they started in a flat bottom skiff from Key West June 4 for No Name Key for fishing and were blown away into the gulf. They had provisions for three days, which were exhausted, and they suffered many hardships, as their condition showed when rescued. Several of the men left for Key West last night and the others will leave for New York shortly. It is supposed here they were on their way to join the insurgents. They are reticent in their statements to reporters.

Mr. Calhoun Back in Washington.

WASHINGTON, June 16.—W. J. Calhoun, the special commissioner who went to Cuba in connection with the Ruiz case, returned to the city last night from his home in Illinois. Mr. Calhoun will have further consultation with the president, to whom he has already made a verbal report on the conditions existing in Cuba.

SHOT AND KILLED.

A Farmer Slays an Advertising Solicitor For Taking His Horse.

INDIANAPOLIS, June 16.—James Thatcher, an advertising solicitor, who lived in rooms in Massachusetts avenue, was shot and killed early yesterday morning by Harvey Leonard, a farmer on the Michigan road. Thatcher and William Elvis, accompanied by two women, Nora Mullen and Ella Thompson, spent the evening at Bellevue, a resort on the bank of the canal, at the Michigan road.

They stayed there until after 12 o'clock, drinking beer and rolling tins. When they started back home it was too late to catch a Fairview park street car, so they started to walk to North Indianapolis to get an owl car. As they went along the Michigan road they came into possession of a horse. They say they saw it straying in the road; the farmer says they stole it from his stable. Anyhow, they were leading it off when Leonard, the owner of the animal, and his son Louis, caught up with them. A wrangle ensued, which ended in the shooting and instant death of James Thatcher. He was shot in the back underneath the left shoulder with a shotgun.

The charge burned a hole in the back of Thatcher's coat and tore an ugly wound, almost as large as the bore of a base ball cannon.

The police station was notified of the shooting about 2 o'clock yesterday morning. Captain Quigley and Patrolmen Holtz and Wallace went out to the place and arrested Leonard and his son, Elvis and the two women and brought them to the city and locked them up.

The body of the dead man was taken to the undertaking place of Herrmann, in South Delaware street. His wife is at present visiting in South Dakota.

President Back Home.

WASHINGTON, June 16.—The president and party arrived yesterday morning at 7:30, schedule time, over the Southern railway from Nashville, and were driven at once to the White House. Mr. McKinley expressed himself as delighted with the journey, and with his added knowledge of so important a portion of the republic.

HAWAII ANNEXATION

The Treaty Almost Ready to Be Sent to the Senate.

IT MAY BE PASSED AT ONCE

Tariff Legislation Will Not Be Interfered With in the Senate—No Provision Made For Ex-Queen Liliuokalani or Princess Kaiulani—The Emigration Question Has Been Definitely Arranged.

WASHINGTON, June 16.—The treaty for the annexation of the Hawaii islands to the United States will be sent to the senate by President McKinley this week unless present plans are changed. Men close to the administration and others who are engaged in pushing through the tariff bill have been informed that the treaty will be transmitted to the senate at once, and it is stated there will be no consideration of the Hawaiian reciprocity provision in the tariff bill until the treaty is received.

The one point of importance in which the treaty differs from the convention negotiated by Secretary Foster in President Harrison's administration is the omission of any provision for ex-Queen Liliuokalani and the Princess Kaiulani. In the original treaty it was provided that the government of the United States should pay the ex-queen the sum of \$20,000 cash and that amount of money as a pension each year during the remainder of her natural life, provided she in good faith submitted to the government of the United States and the local government of the island.

The Princess Kaiulani, being the next line of blood, was to receive a cash payment of \$150,000, but no pension, under a similar proviso as in the case of the ex-queen.

It is understood that any objection that might have been expected to the annexation of the island based on the large proportion of coolies in the population, has been forestalled by an article not only prohibiting the further emigration of such laborers to the Hawaiian islands, but also prohibiting the coming of Chinamen from the islands to the United States.

At the cabinet meeting in the course of the discussion of the treaty it was decided that its pendency in the senate would not necessarily cause any considerable obstruction to the progress of the tariff bill, and while there is every disposition on the part of the president to avoid any interference with the rights of the senate in the matter, it can be stated that the treaty will not go in with any idea that it is not the wish of the executive that it should be acted on promptly.

While the treaty is in the senate, either in the hands of the committee on foreign relations or on the calendar of executive business, it is the expectation that the people of the United States will have an opportunity through the press and other mediums to declare their sentiments upon the matter, and if, as is expected, there is an overwhelming declaration for annexation, it is believed that the senate will be quick to respond to the demand. In this case the treaty, it is believed, can be taken up and ratified in the course of one or two executive sessions, while the regular tariff debates are in progress daily.

The manner in which the Hawaiian treaty will come before the house is in the paragraph which provides that the United States shall assume the present debt of Hawaii. This will not in any way affect the treaty or interfere with its adoption. Irrespective and before any action will be submitted to the house will come the ratification of the treaty by the senate. If the treaty is ratified no action by the house can change the condition. The failure of the house to appropriate to pay the debt or the interest on it may become a future complication, but the ratification of the treaty by the senate will annex the islands.

The treaty that made Alaska a part of this country carried with it an appropriation of several million dollars. There was a most bitter contention in the house about making the appropriation but the senate had by treaty ratified the agreement. Of course, if congress by action of the house, had refused to make the appropriation then Russia would have held possession of Alaska. The case of the refusal of the house to appropriate for the interest on the debt of Hawaii, will not it is said, prevent annexation, but the payment of the debt or interest would be a subject for future consideration and a question between the province, colony or territory of Hawaii and the holders of the debt if congress should not pay it.

RUINED BY DRINK.

A Brother of Justice Harlan Accidentally Killed by a Train.

LOUISVILLE, Ky., June 16.—James P. Harlan, a brother of Associate Justice Harlan, was accidentally killed by a train on the Louisville, Henderson and St. Louis railway yesterday afternoon near the city arms house.

Mr. Harlan, who was about 70 years old, was once one of the most prominent lawyers in the state, enjoying a large practice and holding a high judicial office in this county. He was, however, a victim of an uncontrollable appetite for liquor, and was incapacitated for business despite the efforts of his relatives and friends to bring about his cure. He practiced law for several years in Kansas and returning to Louisville about three years ago voluntarily entered the arms house, where he has since resided.

Judge Harlan was on the way to the railway station to purchase the evening paper, as was his custom, when the

train overtook him. He was not dependent upon the city charities, but has always been liberally supplied with money by his relations. He preferred to live at the institution because of a personal friendship for the superintendent.

JUDGE FITZGERALD DEAD.

He Became Famous in Cincinnati Police Court Years Ago.

CINCINNATI, June 16.—Judge James W. Fitzgerald, formerly of this city, died yesterday morning in St. Mary's, Kan., where he has been residing for a number of years. His body will be brought here for burial.

James W. Fitzgerald was born in Queenstown, Ireland, Feb. 14, 1837. He landed in Quebec in 1852 and came to Cincinnati a year later. In 1864 he graduated from the local law college and soon after was appointed assistant county prosecutor. In 1864 he was elected judge of the police court and soon became famous as a terror to evildoers. His "thirty-fifty" became famous and several attempts were made to assassinate him. His fearless sentencing of the rioters in 1884 brought him general praise. In 1885 he was re-elected by a majority of 1,400, while the other candidates on the ticket were overwhelmingly defeated.

He was from boyhood a pronounced abolitionist and when he removed to the west he became noted as a Populist. He was a well known worker in the Land league and in the Irish National league, and always remained true to the Emerald Isle. He was chairman of the Chicago convention of the National league in 1886.

In Cincinnati he leaves a son, Attorney Charles Fitzgerald; a nephew, James Templeton, of the city engineer's office, and Miss Mary Templeton, a niece.

TRYING TO FIX DAWES.

A Position Offered to Him Which He Will Not Accept.

WASHINGTON, June 16.—Charles G. Dawes of Chicago who is generally regarded as slated for the office of comptroller of the currency at the expiration of Mr. Eckels' term of office, came into the city yesterday. It is stated on good authority that intimations have been made to Mr. Dawes that he could have the place of comptroller of the treasury, now held by Mr. Bowles, but that he has not decided to accept.

This offer is said to indicate a desire on the part of Secretary Gage to retain Mr. Eckels in his present position, and that this may be possible, the plan has been devised of switching Dawes off into another place.

One of Dawes' friends said that he hardly thought the Chicago "statesman" would consider the offer, or that the president encouraged it. This friend insists that the president voluntarily tendered the office of comptroller of the currency to Mr. Dawes, and would not now encourage a movement to switch him to another track.

CHASED OUT BY INDIANS.

Gold Prospectors Will Give the Wichitas a Wide Berth Hereafter.

WICHITA, Kan., June 16.—A party of prospectors, headed by William Cooley, an old Montana miner, ventured into the Wichita mountains last week and began to prospect for gold, which is reported to be there in abundance.

They were discovered by a band of Indians and forced to flee for their lives, leaving all of their tools and camp equipments. The redskins pursued them for many miles from Cut Throat gap, where they were camped, in the direction of Navajo, which the prospectors were enabled to reach in safety. The Indians are determined to keep the prospectors out.

Grover Cleveland Retired.

NEW YORK, June 16.—It is announced on the authority of one of the ex-president's most intimate friends that Grover Cleveland will not again engage actively in the practice of law and that he will not directly connect himself with the big law firms, as has been reported. Those same Cleveland friends say that the ex-president has retired permanently from an active career and will hereafter be heard of only through the medium of addresses on public occasions.

Sharkey Challenges Maher.

NEW YORK, June 16.—Tom Sharkey of San Francisco has challenged Peter Maher to a boxing match of an unlimited number of rounds for \$5,000 or \$10,000 a side, as Maher may prefer. Dan Lynch, Sharkey's manager, has put up \$2,500 with Al Smith as a forfeit. The challenge stipulates that the match shall take place within six months, before the club offering the largest purse.

Meers Pilgrims Drowned at Sea.

COLUMBO, Island of Ceylon, June 16.—The British steamer Sultan, Captain Collins, 2,000 tons, bound from Jeddah to Calcutta, with a large number of Mecca pilgrims, has foundered near the Island of Socotra, 120 miles east of Cape Guardafui, the eastern extremity of Africa. Ten natives were drowned, and the all the crew of the Sultan and the remainder of the pilgrims have been landed here.

Big Mine Deal.

TACOMA, Wash., June 16.—New York capitalists have closed the purchase of the famous group of San Xavier mines from the Boston owners. The group comprises seven mines extensively developed. They were first discovered and worked 40 years ago, are considered to contain the largest deposits of copper, silver and lead ores in southern Arizona. The mines are located 16 miles south of Tucson.

Coroner's Verdict on the Death of Harry Bell.

WAS KILLED BY A MILITIAMAN.

No Neglect on the Part of Governor Bushnell, Sheriff McLain or Mayor Ganson. An Anti-Mob and Lynch Law Association Formed—An Editor Stricken Down in Court—Other Ohio State News.

URBANA, O., June 16.—Coroner Hewitt rendered the following verdict late last night on the death of Harry Bell, who was killed when the first attack was made on the county jail on the night before the lynching of Click Mitchell:

"I find that the said deceased came to his death from a wound in the head produced by a rifle ball fired by a member of Company D, Third regiment, Ohio national guard, acting under orders from the captain of said company, and while attempting to defend the county jail of Champaign county, and prevent a crowd of people there assembled and doing violence to a prisoner, Charles Mitchell, Jr., confined therein, charged and convicted of rape on the morning of June 4, 1897.

"I fail to find from the testimony of the witnesses

INVALID.

An Order To Withhold Private Mail, Declared in the United States Court.

FRANKFORT, KY., June 14.—In the United States Court to-day Judge Barr decided an important case bearing on the laws and regulations of the Postoffice Department.

Some time last year the Postmaster-General investigated the business of the Southern Investment Company of Lexington, Ky., and pronounced it a lottery scheme. He promptly ordered the Lexington Postmaster to withhold all mail directed to said company, and all letters directed to T. B. Hoover, who was the Secretary of the company, even if they were directed to him individually.

The Lexington Postmaster obeyed orders, and Hoover brought suit against Postmaster McChesney, of Lexington, for \$50,000 damages, and asked for a temporary order restraining said Postmaster from withholding his individual mail.

In passing on the application to-day Judge Barr granted the temporary restraining order, holding that an order from the Postmaster-General to withhold the mail of a private citizen not charged with violating the law was unconstitutional and invalid. The question of the damages claimed by Hoover for interfering with and injuring his business was not considered, but the inference from Judge Barr's opinion to-day is that no damages will be allowed.

TURNPike Troubles in FLEMING.

That County Negotiating For Seven Miles of the Maysville and Lexington Road.

[Fleming Gazette.]

Col. W. W. Baldwin came up Monday afternoon to ask the County Judge for twenty more guards at his two gates, to be on duty both day and night. He was persuaded, however, to wait a day or so, and a special session of the Fiscal Court has been called for to-morrow (Thursday), and an effort will be made to buy the seven miles of Maysville and Lexington road which is causing the trouble. Mr. Baldwin at first asked \$14,000 for the seven miles, but he has agreed to accept \$8,000. This is still high. The opinion of many is that a bond issue of about \$20,000 is the best course for the county.

The ten guards summoned to protect toll-gates in Fleming County came in Monday morning and demanded pay for the three days duty. They were each allowed pay for the three days at \$2 per day. All declared they would never act again as guards.

Mrs. J. E. CANFIELD's friends will regret to learn she is quite ill.

AN UNUSUAL REQUEST.

Thought He Was Losing His Mind and Asked to Be Locked Up.

Judge Hutchins had a very singular and unusual experience Tuesday afternoon.

He was seated at his desk in his office attending to some official business, when a stranger walked in and passing into the private office took a seat.

Several parties were present, at the time, and the Judge did not look up, as he thought it was his son, Mr. D. C. Hutchins, who had entered!

Presently he stepped back into the room and was surprised at finding a stranger there.

The man inquired if he was the County Judge and, on receiving an answer in the affirmative, asked to be locked up, adding "I believe I'm losing my mind."

After questioning him for some time, the Judge had the stranger sent to comfortable quarters in the jail and placed under the care of Dr. Samuel, the Jail Physician.

The man said he was V. P. Shepley, of Zanesville, O., and that he is a piano tuner. He is about thirty years of age and is neatly dressed. His mother, who lives at Zanesville, has been notified.

A line of crisp, cool, charming Lawns, Dimities, Lappets and Tissue Faconnes, regularly priced 12 $\frac{1}{2}$, 14, 16 $\frac{1}{2}$ ¢, marked for Friday, 10c. Light and dark colors; designs of every variety.

Think of Buying Silks For 33c.,

and good Silks at that. They are lustrous striped and Persian figured Japanese Silks. Not a yard ever sold before for less than 50c., but Friday will offer them to you at the above modest price. There are some striking colors, very stylish for shirt waists.

Fans.

A special line of decorated Fans,—blue, pink, white, scarlet, black; service-givers, wind-makers, beauty-assurers. Easily worth 50c. each in the regular way, but in the cash way—cash when we buy and cash when we sell—that's the principle which gives you a 50c. fan for 25c. Friday.

JAMES R. PIPER.

Death of a Wealthy Ex-Kentuckian Who Formerly Lived at Carlisle—His Remains Taken Through Here Tuesday.

The remains of James R. Piper were brought here Tuesday morning on the C. and O.'s 10 o'clock train and taken to Carlisle on the L. and N.'s afternoon train for interment.

He was found dead Sunday at his home in Bloomington, Ill., where he had lived for years like a hermit, says a special from that city. Deceased was eighty-nine years of age, and had never married. A special from Carlisle says: "J. R. Piper, of Bloomington, Ill., was born in Nicholas County in 1808, was a poor boy and clerked in a dry goods store in Carlisle sixty years ago. By close economy he managed to make quite a fortune, and leaves four heirs to share his estate. He was very eccentric and being disappointed in a love affair at an early age he turned his attention to getting money. It is said he began lending money at 12 per cent. over forty years ago. He lived a secluded life, doing his own cooking and 'baching' in one of his handsome stone buildings in Bloomington. While he was close and exacting he had some liberal ideas. He presented the Christian Church of this place a handsome pulpit a few years ago. He erected the first granite monument in Carlisle Cemetery over thirty years ago, costing \$2,000. With all his closeness he was neat in his appearance. He had but one idea, that of making money and holding fast to it. His wealth is variously estimated from \$150,000 to \$200,000. For forty years he made a visit once a year to his old home, Carlisle, but seldom stopped at a hotel."

Deceased was a cousin of Mr. S. A. Piper, of this city.

Your Boy Won't Live a Month.

Mr. Gilman Brown, of 34 Mill street, South Gardiner, Mass., was told by the doctors. His son had lung trouble, following typhoid malaria, and he spent \$375 with doctors, who finally gave him up, saying: "Your boy won't live a month." He tried Dr. King's New Discovery and a few bottles restored him to health and enabled him to go to work a perfectly well man. He says he owes his present good health to the use of Dr. King's New Discovery, and knows it to be the best in the world for lung trouble. Trial bottles free at J. James Wood's drug store.

SCHOOL LAW POINTS.

State Superintendent Davidson Issues a Circular in Answer to Numerous Questions.

The following circular has been issued by Superintendent of Public Instruction Davidson:

To County Superintendents: Questions involving the following points of law reach this office with such frequency that it is thought not out of place to communicate with you relative to them:

First—The provision relative to age of applicants is clear and explicit, county boards having no authority to examine any one under eighteen years of age.

Second—It is clearly violation of law and an infraction of official oath to grant a certificate to an applicant who, within the belief of the examiners, has had improper access to the examination questions.

Third—The fact that the Judge and Clerk of a trustee election were not sworn does not invalidate the election.

Fourth—the law which provides that "the examiners shall allot a reasonable time for the examination on each subject, taking the subjects in the order named in the section (Sec. 21) specifying the subjects embraced in the common school course," is mandatory, and should be strictly followed.

Fifth—in case of a tie, as provided for in section 72, common school law, the county superintendent is empowered to select a trustee. In doing so, he may name one of the candidates, or he may choose another. In either case the appointee serves the regular term.

Sixth—Section 74, common school law, is not in conflict with Section 152, State Constitution, Section 155 of that instrument exempting trustee elections.

Seventh—the provision of law relative to the renewal of first-class certificates was not incorporated into our statutes until July, 1893, and does not apply to any certificate issued prior to that date, and consequently no certificate can be renewed under it before July, 1901.

The old man who looks out at the world with clear and healthy eyes cannot help feeling great gratification at the thought that his children have inherited from him no weakness nor tendency to disease. The healthy old man is the man who has throughout his life kept his digestion good and his blood pure. Not one in a thousand does it do. Germs go through the healthy body with out effect. Let them once find lodgment or let them find a weak spot, they will develop by the millions and the blood will be full of them. Instead of giving strength to the tissues, it will force upon them inutritious matter, and the man will lose flesh and the more susceptible he is to disease. Dr. Pierce's Golden Medical Discovery is the only medicine that absolutely and infallibly cures all blood diseases, and almost all diseases are blood diseases. It is not medicine for some one particular so-called disease. It is a medicine for the whole body. It forces out all germs of diseases, and replaces impurities with rich, red blood.

PRICES seem to be picking up a bit. Bailey Bros. of Versailles, have lately sold 20 saddle horses at Chicago for \$6,760, an average of \$337.50—one mare, Ervina, bringing \$1,200. Gay Bros. of Woodford, sold a mare for a higher price than Ervina brought, and sold a saddle stallion for \$1,000. Garrett Bros. of Woodford, sold two geldings recently for \$950, and Stone & Schobeth secured an average of \$320 for two cars of saddlers at Cleveland.

SUGAR TARIFF DECIDED UPON.

Schedule All Completed Except the Provision Relating to Hawaii.

WASHINGTON, June 16.—The senate made a great stride forward yesterday by completing the consideration of the sugar schedule of the tariff bill, except the provision relating to Hawaii, which went over. This schedule has been the storm center of the entire bill, and with it disposed of there is a better prospect for speedy action on the bill as a whole. The first paragraph of the sugar schedule has served to bring out all the speeches and the test votes, and when this was passed early yesterday the other paragraphs of the schedule were agreed to without further opposition.

As agreed to the schedule places on sugar not above No. 16 Dutch standard 1 cent per pound and .03 of a cent for every degree above 75; and on sugars above No. 16 Dutch standard 1.95 cents per pound, but on sugars testing below 87 degrees 1-10th of a cent per pound shall be deducted. The other provisions of the schedule relate to maple sugar, maple syrup, candy, etc.

Only one yea and may vote was taken during the day, on the amendment of Mr. Lindsay of Kentucky, to make the rate 1.8 cents per pound on sugar above No. 16 Dutch standard. The amendment was defeated, 32 to 35.

The Pettigrew amendment relating to trusts was then taken up and discussed at length. It developed considerable divergence of view on both sides of the chamber, the two Alabama senators, Messrs. Morgan and Pettus, joining Mr. Hear of Massachusetts in opposition.

Mr. Allison finally tested the sense of the senate by moving to table the amendment, which motion prevailed, yeas 35, nays 32, two Democrats, Morgan and McEnery, voting with the Republicans to table and thus turning the scale against the amendment.

Consideration of the agricultural schedule was then resumed, the butter paragraph being agreed to as reported. At 5 o'clock the senate adjourned.

HEAP GOOD SQUAW.

New Polygamy Law Playing Smash With Redskin Wives.

PERRY, O. T., June 16.—The Cheyenne and Arapahoe Indians are wrought up over the new law which goes into effect July 1, relating to polygamy. After that time each of the 40 Cheyenne Indians who has more than one wife will have to choose on of the two, three or five wives that he has, and the cast-off wives must go back to their reserves.

The interest between the squaws who have become enlightened to their situation, has become intense. Every squaw who wants to remain with her husband is doing her best to please him, so that she will be the lucky wife. All there are 40 of these polygamists, and in all they have over 100 squaws.

Death From Lockjaw.

CINCINNATI, June 16.—Oliver Charles, a well known Newport builder, died Tuesday morning at his residence, 730 Washington avenue, of lockjaw. He stepped on a rusty nail two weeks ago and his foot soon became greatly swollen, causing intense agony. The best medical attention could not stay the poison, and death alone relieved him of his terrible suffering.

Tailors Getting Their Demands.

NEW YORK, June 16.—There was a rush of clothing contractors yesterday to settle with the striking tailors. Thirty contractors opened their shops and 200 tailors went to work in them. All but 3,500 of the striking tailors have returned to work and it is expected that all the contractors will yield before next week.

To Buy Postoffice Safes.

WASHINGTON, June 16.—The postoffice department is selecting a committee of three officials of the department who will leave Washington the latter part of this week and visit Cincinnati and Hamilton, O., for the purpose of purchasing safes to be used by the various postoffices throughout the country.

LOUISVILLE TOBACCO MARKET.

Very Strong and Active Last Week, With Some Advance on All Grades of Burley.

[Furnished by Glover & Durrett, Louisville Tobacco Market.]

Sales on our market for the week just closed amount to 2,155 hds., with receipts for the same period 1,898 hds. Sales on our market since January 1st amount to 83,188 hds. Sales of the crop of 1896 on our market to this date amount to 71,668 hds.

We have had a very strong and active market, with some advance on all grades of burley and a very decided advance in the medium to fine grades of leaf. Sales of good leaf were frequent during the week at figures from \$12 to \$16 with occasional hds. selling from \$16 to \$18 and one hhd. bringing \$21.50 per hundred, being the highest price thus far obtained for the 1896 crop.

The general belief that there will be a decided curtailment in acreage this year as compared with last year, regardless of future weather conditions, is manifesting itself in speculative orders on the market and the advance resulting from this condition is being followed by the manufacturing trade and they are taking about the usual proportion of the offerings. The rain which occurred in some localities on Monday of last week was not general, and in most localities was not sufficient to afford a season for setting tobacco. Comparatively little tobacco has been set in the burley section, and from the best information we can gather we do not think that over 50 per cent. of the intended burley crop has been put on the hill. In the lower Green River district, the weather has been more favorable for transplanting, and the setting is practically completed in that locality. The reports which reach us from the dark producing territory would indicate that they have put out about 75 per cent. of the intended crop.

The following quotations fairly represent our market for burley tobacco (1896) crop:

Common color trash	\$ 2 00 @ 3 00
Medium color burley trash	3 50 @ 5 00
Common lugs, not color	5 00 @ 6 50
Common color lugs	5 00 @ 8 00
Medium to good color lugs	8 00 @ 10 00
Common to medium leaf	12 00 @ 15 00
Good to fine leaf	15 00 @ 18 00
Select wrapper leaf	18 00 @ 21 50

The above quotations are not applicable to green and frosted crops.

A Girl Student Found Dead.

VALPARAISO, Ind., June 16.—The dead body of Miss Laura Marcell, 24 years old, a student at the Normal school, was found in her room at Commercial Hall yesterday noon. She came here from Nebraska City, Neb., at the opening of school on Tuesday of last week. The last seen of her was on Friday last. No attention was paid to her absence, as she contemplated a trip to Chicago. The coroner is investigating.

Prominent Physician Suicides.

GREENFIELD, Ind., June 16.—Dr. Samuel Marsh Martin, aged 55, for the past 25 years one of the most prominent physicians of eastern Indiana, committed suicide last night by hanging himself in his barn. Dr. Martin left no note or word as to the cause of his act. He had been in ill health of late and was somewhat despondent.
